

Box the Compass

4 couple becket

4x48 bar reel / jig

- A1** Lines forward and back. Set right and left, then pass through.
- A2** Face partner, four changes of hey for four. Two hand turn partner, face across.
- B1** Square through two hands. Swing the one you meet to a square set.
- B2** Grand square: heads meet, sides divide.
- C1** Grand square reverse.
- C2** Sides pass through, heads pass through. Swing partner, form lines at 90 degrees to orig direction.

N.B. Since couples move one place clockwise each turn of the dance and the lines are alternately across and up / down, the same men will be at the ends of the lines at the start of each turn. Before the walk through, I tell these men that they will be heads for the grand square every time.
