

Midsummer Reel

Longways duple improper

Reel/Jig

- A1:** Left hand turn neighbour once and a quarter to fleeting wavy line. Men right hand turn once and a half *while* ladies 'orbit' counterclockwise halfway.
- A2:** Left hand turn neighbour halfway into ladies chain over and back, ending with a quarter turn more so dancers in men's line are facing up and others are facing down.
- B1:** Promenade up/down, turn as a couple, return and turn to face across.
- B2:** Pass through, swing neighbour.
